Application letter for inclusion of the "Grüne Jugend - Grünalternative Jugend"

Dear Federation of Young European Greens,

the "Grüne Jugend - Grünalternative Jugend " short "Grüne Jugend" applies herewith to be an official member of the FYEG.

Grüne Jugend is the new political youth organisation that seeks to build a better society. We believe that our world can be radically changed and made more humane. We thus fight for a new society in which the needs of the masses are put above the profits of the few. We consider ourselves as part of the green movement, understand the importance of being politically organised, and allocate ourselves as a part-organisation of the Austrian green party.

We function on a state level in several groups that meet regularly. There, we engage with various political issues, formulate political demands and try to communicate them with actions and campaigns. Through various educational events and seminars, we try to foster discussion spaces for critical thinking and independent opinion formation. Once a year we meet at our general assembly, and also gather every summer at our "Green alternative summer camp".

We are very keen on becoming an official member of the FYEG and also on participating at the general assembly of the Federation of Young European Greens in Istanbul this August. This will give us a great chance in getting to know other young European green organisations and connecting with them. We believe that most of the current challenges the world is facing cannot be handled on a national level. Connecting internationally is an important step in the direction of learning from each other's experiences and creating collective solution approaches. We would also like to take this opportunity to proclaim our acceptance of the FYEG statutes and Internal Rules of Procedure.

All the best,
Executive board of Grüne Jugend

Tobias Reder
Geschäftsführer

Bernardo Novy
Finanzreferent

Naomi Sametinger
Bundessprecherin

Johanna Vogl
Schriftführerin
